I feel very smart, as if I know 93925723957x2952935729.

Chapter 2 by Dianne Halbersma (Sweet thing)

I feel absolutely amazing sometimes. Like when someone you've loved or missed greatly gives you a big hug. You are so warm and fuzzy inside. Live. Laugh. Love.

Chapter 3 by SuperCoolStoryMaker

I feel like I am great in video games, as if I can beat lots of people in dragon city(a game).

Chapter 4 by KlausBaudelaire

Do you know how you feel when you run? When there is an open field in front of you, and you just start sprinting without any destination or purpose? An elated feeling builds in your chest.

What problems? I'm on a piece of rock hurtling around a ball of fire in a vast universe we haven't even begun exploring yet and I'm experiencing the most wondrous thing I've ever experienced!

That's how I feel. Sometimes

There are times in my life, as there are in everyone else's, when it all just seems pointless. I'm on a piece of rock hurtling around a ball of fire in a vast universe we can't even hope to explore, so why do I need to do all this work? Why do I need to maintain friendships? We're all going to be dead in the blink of an eye anyway.

But I know that's not the proper way to think about things. Even if I'm scared of the future, that doesn't mean that it will be horrible. Even if I'm tired of doing all this work, that doesn't mean that I shouldn't. Even if it's rare to get that elated feeling in my chest, and to feel like I'm one of the lead roles in some big cosmic play, that doesn't mean that I should ignore it. Because it is moments like those that make life worth living.

Chapter 5 by intellikat

I feel... a bit horny sometimes. Okay, more than sometimes.

Chapter 6 by Nicole Nowak

I feel depressed and like life isn't worth living. But then I remember wonderful people who have died. Now I'm determined to grow old and grey like they never got to.

I feel mad sometimes, when people give me bad results. The picture above shows that.

Chapter 8 by Rubina Soudagar

I feel confused. I really want things to work but sometimes I want someone else to help it work...
Why only I should try?

I like a person one moment and the very next moment I'm like FO you SOB!!
